

## Alexandria Montessori School

### AUXILIARY FUNDS 2022-2023

Dear Parents:

Alexandria Montessori School, as a private, state chartered school, receives state (auxiliary) funds for the purchase of educational materials used by our students. Please talk to Karen Graham if you have further questions.

To fulfill the requirements of the state and to verify your desire to have these materials available to your child, please sign the form below. We are required to have a signed form from every family.

---

### AUXILLIARY FUNDS 2022-2023

I request that Alexandria Montessori School borrow from the local public school district: textbook materials, supplementary math and science materials, computer software, and contract for services to students which are appropriate for my child and the teaching style of AMS. I understand that this can be done through the use of Auxiliary Services Funds provided by the State of Ohio under Ohio Revised Code section 3317.06 and section 3317.024(P).
